Description of activities	Location	Period (month / year)
DRUGHT.		

What are your hobbies?  
1. Reading story books.  
2. Essay writing

### D: Essays

Please imagine you are celebrating your 60<sup>th</sup> birthday together with your family and friends. The atmosphere is very friendly, suddenly your grand-daughter jumps on your lap and asks you the following question: "Grandfather / Grandmother, what have you done in your life?"

Please describe in 150 to 200 words what you WOULD LIKE to answer

Hey my grand-daughter, I have been working so hard since I was a child like you. I used to read story books when I was in class one and that was one of my hobbies. When I was a candidate I worked so hard in order to join a National school. When the results for KCPE were out I was so happy because I had an excellent score and I joined Kenya High at Nairobi. In secondary I became so busy in my studies because I didn't like my dream

please continue on next page

continuation from previous page

for joining a university and be a surgeon to be in vain. After I had finished my masters, I became a surgeon and my dream had become true and it was my time to take my part. I treated people in a kind way and I built hospitals and chemists which helped people in some areas. Not only hospitals but also I built schools for children. I helped orphans and street children because I built a charity home and supplied for them basic needs. I have been advising young people to be serious in their studies because hardwork never goes unrewarded. Even though I wrote so many books for mathematics because I loved this subject so much, none of my sons not even your father has liked the subject.

218 words.

What are your (professional) ambitions, and how will secondary education help you achieve your goals in life (100 to 150 words).

~~By the time I would be in a secondary school I~~  
By the time am in a secondary school I will work so hard to achieve my goals. My dream is to be a surgeon and without going to a secondary school, it would be like ice exposed to the sun. I would like go to a university and no one can successfully be in a university without going to a secondary school. Moreover in secondary I would be taught and learn more about my career. In secondary there are subjects like Biology, which when I performed well, I will truly have achieve my goal for being a surgeon. Secondary school will also help me in expanding my knowledge about how to treat people well.

114 words.

Which are your favourite subjects and why?

Science and mathematics, because when I grow up I would like to be a surgeon and these subjects will help me to achieve my goals. Moreover I used to perform very well in these subjects.
